(Tick one box per application)

Only approved contractors can undertake the work listed above. A list of approved contractors in the district is available from Council. The physical work cannot be done yourself. This application is for the construction of works in, on, along, over, across or under any road vested in the Buller District Council.

Contractor:.....

Postal address:..... Phone:.....

On behalf of the above contractor I hereby make application to the Council for approval to install or have installed a vehicle crossing at the location indicated below:

Property owner:.....

Type of service or structure:.....

Location (street or road address):.....

Please indicate over leaf the location of the vehicle crossing in relation to fence lines, property boundaries, etc.

In making this application, I / We (the contractor) understand the following:

1. That I / We must meet all costs of any reinstatement required by Council.
2. That any reinstatement work is to be undertaken to the Council's specifications.
3. That the Council's Operations staff will inspect any reinstatement work to ensure the specifications are met.
4. That Council will hold a non-refundable bond of \$1,000 to cover all applications for each approved contractor. Upon satisfactory performance of the completed work at the end of a six (6) month defect liability period a \$50.00 invoice will be sent to the contractor to cover inspection costs. The contractor is to notify Council at the completion of the work at which date the defects liability period will commence.
5. That all work must be carried out in accordance with any relevant regulations, standards and statutes, etc.
6. That I / We must provide a work plan outlining the location and layout of the work.
7. That before work is commenced I / We must effect public liability insurance for a minimum amount of \$2,000,000.00.
8. That temporary traffic control and safety at roadworks sites shall be as outlined in the Transit NZ Ltd Code of Practice for Temporary Traffic Management for LV and Level 1 Roads.
9. That I / We are required to furnish a Traffic Management Plan relative to the proposed work.
10. That I / We are responsible for determining and physically locating the existence and positions of pipes, cables and other services, on or about the site of the proposed works and for protecting these services.
11. That I / We shall be responsible for the cost of repairs for any damage that occurs to any services, utilities or private property as a result of the proposed works being undertaken.
12. That I / We, if required, will furnish to the Council 'as built' plans within **10 days of the completion of the works.**
13. That work is not to commence before Council approval has been granted.
14. The work involved is to be completed within three (3) months from the date of approval by Council.
15. Failure to adhere to the above may result in the loss of "Approved Contractor" status.
